

OFFMAR

EXPERIA Consulting of Houston and PAFA Consulting Engineers of London UK have formed a joint venture Company 'OFFMAR' offering a wide range of services to the offshore oil and gas and maritime industries.

EXPERIA Consulting offers services in offshore structures, risers and moorings; along with expertise in project management.

PAFA Consulting Engineers offers services in structural assessment, naval architecture, environmental loading, risk & reliability and dispute resolution.

OFFMAR is based in Houston and is able to call upon the skills and expertise of both organisations.

OFFMAR offers the following services:

- Structural design and assessment
- Project management
- Field development options
- Fixed and floating structures
- Finite element analysis
- Non-linear structural behaviour
- Dynamic analysis
- Topside and helideck design
- Pipelines and risers
